PROFILE SUMMARY

I am a passionate Web Developer with 6 months of hands-on experience building responsive and user-focused web applications. Skilled in Bootstrap, Tailwind CSS, React.js, Express.js, and basic MongoDB, I focus on creating clean UI designs and efficient backend functionality. I also have experience with Figma for UI design, SEO optimization, and deploying websites to live environments. I enjoy turning ideas into functional digital products and continuously improving my development skills.

SKILLS

- Web Development (HTML, CSS, JavaScript)
 - Bootstrap & Tailwind CSS
 - React.js
 - Express.js
 - MongoDB (Basic)
 - MySQL Database Management
 - UI/UX Design (Figma)
 - SEO Optimization
 - Website Deployment
-
